

## TRUSTED SOLUTIONS SINCE 1985

Since 1985, Parlee Manufacturing Company Limited has been manufacturing quality, functional, durable Canadian made products.

A locally owned, independent small business operating from our shop in Liverpool, Nova Scotia, we strive to be responsive to ever-changing requirements when providing specialized solutions for customers across Canada and Internationally.

Many have come to know us for our backpacks, safety, and outdoor sporting equipment. Building on this, Parlee Manufacturing has evolved our product line, becoming a preferred supplier of medical equipment packs and bags for several provincial EMS organizations and a growing list of agencies and departments within and outside the province.

Bearing Glenn Parlee's family name, he takes particular pride in Parlee Manufacturing, not only in the quality of the products themselves, but just as important, the team who makes these products. Joined by his wife Kathi, daughter Caitlin, and their production team, this is a long-standing family business.

Building on our experience, pride in products and a track record that distinguishes us from our competitors, we invite you to explore the Parlee product line. If you require any assistance in determining what packs and components might work best in your unique situation, contact us and we will work with you to determine the best pack solution for you!

# THE ORIGINAL PARLEE PACK

The Original Parlee Pack is versatile and durable, perfect for school, day trips, and excursions.

# PARLEE WEBBRACKS SYSTEM

An extremely rugged and versatile racking system designed for storing items such as: kayaks, surfboards, ladders, skis, etc. This modular system allows you to add only the units you require (up to 3). Constructed of 2 inch nylon webbing and non-corrosive buckles. Each set of racks will support 68 kg (150 lb).

The WebbRacks System can be easily attached to ceiling joists in a garage or to the side of a building in minutes. All that is required is a pair of screw hooks heavy enough to support the intended contents of the racks. All WebbRacks components are sold in sets of 2.

**Starter Set: 2 Anchors and 2 Webbing Cradles**

**Add-On Set: 2 Webbing Cradles**

# PARLEE WOODLUGGER

Great for home or campsite, the Parlee Woodlugger will make the task of carrying wood to the fireplace or wood box more bearable (almost enjoyable). Anyone who has lugged wood will appreciate the back-saving features of this item.

- Lightweight & compact
- Can be used left or right handed.
- Allows for one free hand
- Keeps debris off clothes and floor
- Increases the amount of wood one can carry
- Constructed of rugged 1000d Cordura nylon
- Webbing waist strap and handle
- Quick release buckle on belt
- Fully adjustable

## **Lifetime Guarantee**

Parlee Manufacturing builds products to last a lifetime and that's how long we stand behind them. If your product ever breaks down, simply contact us.

We will fix it or if we can't, we will replace it.

Parlee is a name you can trust, we started making emergency and adventure gear in 1985. Our reputation for durable, reliable emergency and adventure products is unmatched.

We are confident in our workmanship and materials and offer you this guarantee to back it up.

### **Exclusions**

We have placed some reasonable limitations on our Lifetime Guarantee.

We cannot cover damage due to intentional, unreasonable, or abusive use, improper cleaning or normal wear and tear.
